

# Intelligence Analyst/Military Specialist- Junior

**ID** 2014-3823 Apply for this position at our Career Portal [www.SoteraDefense.com](http://www.SoteraDefense.com)

**Job Locations** US-NC-Fayetteville

**Posted Date** 5/28/2014

**Category** Intelligence

## Description:

The contract will require intelligence analysts capable of fusing intelligence information from multiple disciplines. Intelligence analysts interface with intelligence organizations to fully prepare teams for exploitation of personnel as well as prepare analytic support products and assessments supporting targeting efforts, source development and threat analysis. Intelligence analysts may perform daily collateral/high side analysis, provide intelligence products and perform intelligence research to support HUMINT/detainee interviews.

Sotera Defense Solutions seeks exceptionally qualified individuals to serve as intelligence analysts to support a USSOCOM contract. The contract will require intelligence analysts capable of fusing intelligence information from multiple disciplines, to include Human Intelligence (HUMINT), Signals Intelligence (SIGINT), Communications Intelligence (COMINT), Imagery Intelligence (IMINT), Measurement and Signature Intelligence (MASINT), Counter Intelligence (CI), All-Source Analysts, Targeting Analysts, Collection Management, as well as Industrial Security Professionals. The Intelligence analysts will have advanced targeting skills and a thorough understanding of the operational cycle as well as the data, tools, and techniques used for each phase of targeting. Intelligence analysts shall have firsthand experience targeting networks or individuals within networks and identifying vulnerabilities for exploitation. Analysts interested in this opportunity must have experience in several of the aforementioned disciplines. Employees on this contract will be responsible for providing intelligence analysis and all aspects of information gathering, research, threat assessments, Client development and predictive analysis as part of a Special Operations Forces (SOF) analytical team. Employees must maintain global readiness and be available to deploy on a no-notice basis to hazardous duty/combat zones. Deployments may be to a theater of operations with permissive, uncertain, or hostile environments while living in austere conditions for extended periods.

## Requirements:

Minimum of four years analytical experience within DoD or equivalent Government agencies required, with operational level experience preferred with support to SOF operations.

Experience in CT, Regional issues and HUMINT/SIGINT or political/military analysis desired.

Must be proficient in utilizing intelligence related automation to support analytical efforts and product development.

Must possess strong research and writing skills and be capable of effectively operating as a member of an analytical team in accomplishment of intelligence products and assessments.

Recent experience in Afghanistan or Iraq or other hostile fire zone supporting SOF operations.

Current Top Secret clearance and SCI eligible.

Must possess a valid U.S. passport.

Must be able to pass all pre-deployment requirements including a medical, dental, psychological, background, credit, and security screens as deemed necessary to be considered deployable.

Must be able to obtain all required immunizations deemed necessary by the contract.

**Bachelor's degree preferred.**

**This position requires that the candidate possess a TS/SCI level security clearance**
